Description of the Incident

Describe in your own words how you have been victimized.

The University of Aberdeen maintains a regime of apartheid that involves systematic fraud against black/non-white students in engineering, the assignment of false grades, theft of property in respect of dissertations, and the award of bogus degrees.

The criminal enterprise includes professors and other officers of the Massachusetts Institute of Technology concerned with concealing the crimes. The crimes encompass actions to dissuade me from pursuing the matter and involve a series of murders, including the murder of my fiance Eliezer Regnier on 27 February 2010 in Nassau Bahamas.

In 1983, the University of Aberdeen commissioned the theft of my BSc.dissertation "Interactive Computer Package Demonstrating: Sampling Convolution and the FFT, and awarded me a bogus degree.

Professor James Williams of MIT acts a front man for the criminal enterprise. I fear for my life and those of my friends and family.
